

General information – SILENT SPA

Therme Laa - Hotel & Silent Spa

A spa like no other!

Imagine that the only sound is gently lapping water. There's no need to do anything. Just be in the moment. Simply lie back and relax. And then, silence. Does such a place even exist?

Relax and recharge at the new SILENT SPA at Therme Laa.

Time and rest are our most precious assets. We seek tranquillity in unique places that allow us to escape the daily grind, even for a short while. The SILENT SPA at Therme Laa in the Weinviertel region, a VAMED Vitality World resort, is one such place! **This new oasis of calm will open on December, 3rd 2016 as a stand-alone day spa area, the perfect addition to the thermal spa and hotel complex.**

The SILENT SPA is...

...the place to find peace – where every day is a holiday!

Guests can use the online booking system to reserve a lounge in advance and plan a top-quality day off. The **SILENT SPA** is all about individual service – a personal greeting, bathrobes, fresh towels, some nice little touches, a wide range of massages and cosmetic treatments, easy booking, and a tablet near the lounge bed to place orders. These tablets also enable guests to read newspapers online, play games, and watch films. Real games and a library are also available for those who prefer to stay offline.

SILENT SPA and the art of orchestration

The SILENT SPA owes its distinctive ambience to unique architecture as well as the countless, almost invisible details and scenes that create the overall experience and transform water and silence into perceptible and tangible concepts. These include harmonious lighting, accessories, unique fragrances, elegant materials, and high-quality fittings.

The architecture creates peaceful space

Architect Wolfgang Vanek (Holzbauer & Partner) draws on elements of sacral architecture to create spaces designed to inspire. **SILENT SPA**'s centrepiece, which comprises four elliptical structures, is an octagonal tower amidst a walk-in water landscape, where a three-storey cascade fountain creates a very special atmosphere. Each ellipse has different facilities, offering comfortable loungers for relaxation and recuperation, saltwater pool, salt chamber, spa suites, and steam bath. The building also has a high-quality sauna area with special infusion ceremonies, exercise room, restaurant & bar.

Guests can access the **SILENT SPA** through a separate entrance or from the thermal spa.

A contemporary holistic concept, interplay of interior design, and high-quality materials in a harmonious layout are the perfect addition to the Therme Laa – Hotel & Silent Spa, creating a unique oasis of tranquillity.

Therme Laa – Hotel & Silent Spa

is one of nine resorts that are part of the VAMED Vitality World, the number one provider of Austrian spa and health tourism. Some four million domestic and international relaxation-seekers have already come to the four-star superior hotel, thermal spa, sauna and health centre.

About VAMED Vitality World

The international healthcare company VAMED has been involved in the spa and wellness sector since 1995. Under the VAMED Vitality World brand, which was established in 2006, VAMED operates eight of the most popular local thermal spa and health resorts: the AQUA DOME – Tirol Therme Längenfeld, the SPA Resort Therme Geinberg, the Therme Laa – Hotel and Spa, St. Martins Therme & Lodge, the Therme Wien, the GesundheitsZentrum Bad Sauerbrunn, TAUERN SPA Zell am See-Kaprun, and the la pura women's health resort kamptal. The company also operates the Aquaworld Resort Budapest, one of the largest spa resorts in Hungary. With more than 3.1 million annual visitors to VAMED Vitality World thermal baths, VAMED is Austria's leading operator of thermal spa and health resorts.

VAMED AG

Founded in 1982, VAMED has become a leading global provider for hospitals and other facilities in the healthcare sector. The group has completed 760 projects in 78 countries on four continents. The company's portfolio ranges from project development, planning and turnkey construction via maintenance, technical, commercial and infrastructure services, to the total facility management of healthcare facilities. With its range of services, VAMED covers all healthcare areas, from prevention and wellness to acute care, rehabilitation and nursing. VAMED is also the leading private provider of rehabilitation services and, in health tourism with VAMED Vitality World, the largest operator of thermal spas and health resorts in Austria. In 2015, the VAMED Group was responsible for some 17,200 staff worldwide and a business volume of €1.6 billion.
